

Health & Safety Data Information

1) Identification of the substance and company

Product Name: Symbio MycoForce
Whip Dip

Product Code: 1427

Synonyms (if any):

Supplied by: Symbio
Unit 38 Bookham Industrial Park
Church Road
Great Bookham
Surrey KT23 3EU

Tel: 01372 456 101
Fax: 01372 456 099
www.symbio.co.uk

2) Composition & Information on Ingredients

Contains: Micro organisms conforming to EC EFB Class 1, mycorrhizal fungi (common saprophytic micro organisms - never shown to be a causal agent in human illness) on an inert mineral base plus activating nutrients, trace elements, yucca and humates.

Components which may be Hazardous: None

3) Hazards Identification

Specific Risks: None
Principal Dangers: None

4) First Aid Information

Exposure Route	Symptom	Treatment
Inhalation	Shortness of breath	Breathe fresh air
Skin Contact	Mild dermatitis	Wash with water
Eye Contact	Inflammation	Wash with water
Ingestion	Nausea	Rinse mouth but do not drink water in great quantity
Delayed Effects:	Possibility of allergies in subjects sensitive to enzymes	

5) Fire Fighting Measures

Suitable Extinguishers: For surrounding fire
Unsuitable Extinguishers: None
Hazardous Combustion Products: None
Special Equipment for Fire Fighting: For surrounding fire

6) Accidental Release Measures

Safety Precautions: Wear mask and gloves if exposed to large quantities of dust
Environmental Precautions: Will not harm environment. Will encourage plant growth
Clean up Procedure: Collect bulk product and bag for reuse or disposal. Wash remaining product to drain.

7) Handling & Storage

Handling: Wear gloves and goggles if exposed to excessive dust.
Storage: Temperature Range 5°C - 35°C
Ventilation : Usual precautions for dusts.
Keep Away From : Heat and humidity
Suitable Storage Media : Paper, plastic. Avoid metal for long term storage

8) Exposure Controls / Personal Protection

Respiratory : Wear a mask suitable for nuisance dusts.
Hand : Wear gloves.
Eye : Wear goggles if exposed to dust.
Skin : Wear dust protective clothing.
Hygiene Measure : Do not allow product to come into contact with food preparation surfaces.

9) Physical & Chemical Properties

Appearance :	Brown powder pH 8
pH:	4
Melting Point / Range :	N/A
Oxidising Properties :	None
Relative Density :	+/-1.0
Solubility in Water :	Insoluble
Solubility in Solvent :	Slight but soluble in acids
Decomposition Temperature :	Active ingredients decompose at temp >40°C

10) Stability & Reactivity

Known Hazardous Reactions :	None
Materials to Avoid :	Acids, biocides
Hazardous Decomposition Products :	None

11) Toxicological Information

Effects : The mineral base is considered non-toxic. The microorganisms are all saprophytes.

12) Ecological Information

Environmental Effects :	Will degrade dead organic matter. Will enhance activity in composting and waste water treatment plant.
Mobility :	None
Degradability :	The substrate is partially bio degradable
Aquatic Toxicity :	The product may increase the growth of aquatic plants

13) Disposal Considerations

Substance :	Sweep up into plastic or paper containers for re-use or disposal. Wash remaining product to drain.
Container :	Store in dry conditions in paper or plastic containers. Wash remaining product to drain.

14) Transport Information

No special Precautions : Not assigned in :
The Road Traffic (Carriage of Dangerous Substances in Road Tankers and Tank Containers) Regulations
The Road Traffic Carriage of Dangerous Substances in Packages Regulations

15) Regulatory Information

Supply Label Details :	
Label Name :	Symbio MycoForce Whip Dip
Symbols :	None
Risk Phrases :	None
Safety Phrases :	Keep away from children. Wear mask if exposed to dust
E.C. No :	Not classified

16) Other Information

This material is usually used for: Improving tree root growth and promoting health.

Active ingredients are activated by moisture. Keep humidity below 2%
The above information is based upon the state of our knowledge of the product at the time of writing. No warranty is implied with respect to the quality or the product. The user should satisfy himself that the product is entirely suitable for the intended use.
